GDPR - ALL CALL CENTRE HELPER LEADS ARE NOW GDPR COMPLIANT

GDPR (General Data Protection Regulation) came into effect on 25th May 2018 and we have become GDPR compliant.

All marketing communications from Call Centre Helper - email blasts, webinar mailings, event mailings and white paper/report downloads (including those sent out on behalf of our customers) contain permission boxes to indicate if they are happy to be contacted by the sponsor.

We have found a better response to our emails, as we are able to deliver the type of content that our readers are interested in. The results of white paper and webinar mailings, since GDPR have been encouraging

Pre GDPR (pre-ticked boxes)
- 74% Email Permission
- 49% Phone Permission
- 26% No Contact

Post GDPR (opt in, no pre-ticked boxes)
- 55% Email Permission
- 2% Phone Permission
- 45% No Contact

This has been higher than expected and shows more of a permission based environment.

Product Demonstrations

We have also regularly been offering opt-in demos for our white papers and webinars. On our webinars we have been getting between 2 and 12 demo requests – the average is around 4 demo requests.
The Customer Dashboard allows you to view the latest stats that your content has received from adverts, editorial, whitepapers and any webinars.

You can download any GDPR compliant leads that have been collected from a white paper, report or webinar.

With your Customer Dashboard you can immediately track which campaigns have been effective.

- **Latest Downloads/ White Paper Stats** - including demo requests. Customer details include Name, Job Title, Company, Email Address, Phone Number, Permission Given, Permission Expires and Demo Request.
- **Latest Webinar Stats** - stats include number of people who registered, who attended, requested a demo and watched the recording. Customer details include Name, Job Title, Company, Email Address, Phone Number, Permission Given, Permission Expires, Demo Request and details of the webinar; if they attended or watched the recording.
- **Latest Advert Stats** - advert impressions, total clicks which are broken down by box, static box, newsletter and related adverts.
- **Latest Editorial Page Views** - every editorial item from the directory, press releases and forward features are all tagged with your Company name and the stats are shown in your customer dashboard each month.

At the end of each month we update the advert and editorial stats (webinar and whitepaper stats are done in real-time).
